First Flight

Dear Group Leader,

First Flight is a volunteer program of pilots who donate their time and aircraft to bring the joy, fun and excitement of flying to youth. Please be sure your youth remember to thank the pilots and all the volunteers who provide this free experience; and caution them to follow all instructions for the safety of the aircraft and themselves.

WHERE: The First Flight team operates out of building 5 on your map (Cessna Education Center) next to the FAA Production Studios and the taxiway. **Leaders should check-in inside while youth remain outside.**

AN ADULT must accompany First Flight individuals or groups and remain at the site until all their youth have flown.

FIRST FLIGHT means **first** flight in a small aircraft. Please do not register youth who have flown in previous years as it limits the availability of this experience for others.

ALTERNATES: If you have youth who decide not to fly, you may substitute alternates but they must have completed and properly signed First Flight documents with them. Additional youth may be accommodated if aircraft and pilots are available. Only parent/guardians may sign youth permission forms. Do not let others assume this liability.

MISC. NOTES: Flight times are scheduled in the packet you receive at check-in and are approximate depending on weather and pilots available. If we should have to cancel flights, each youth will be contacted at a later date when another flight opportunity becomes available. Please be patient and realize this experience must be fun and safe. Youth may schedule only 1 badge class in addition to the First Flight program. **Register early for this activity.**

SUN 'n FUN is proud to coordinate this activity for the benefit of Florida Scouts and youth.

Blue Skies,

First Flight Team
